## Phone & Messages Phone app interface

The Phone app interface can look different depending on your device but it mostly functions in the same way.

- **1**. Dialer tab: allows you to dial numbers.
- 2. History tab: allows to see incoming/outgoing calls.
- 3. People tab: allows to see the list of contacts/favs

 $\Lambda$  Press a tab to select it.

Keyboard tab

ور	Q	2
01 69	3	2
Add to contacts		
7 @	2 <u>ABC</u>	<u>3</u> <u>Def</u>
<u>4</u> <u>сні</u>	5 <u></u>	6
	8	<u> wxyz</u>
*,	0 <u>+</u>	#;
۹. ا		

- 1. Keyboard allows you to dial numbers.
- 2. Erase button to modify a wrong number.
- 3. Call button to start a call once you have typed in the numbers.
- 4. Add to contacts button to save a number.

**History** 

#### 1. Recent activity

2. Past activity

# 3. Type of activity (outgoing / incoming / missed calls). See below for the meanings

Page 3 / 6 (c) 2024 ARCHOS <noreply@archos.com> | 2024-07-03 07:14 URL: http://faq.archos.com//index.php?action=artikel&cat=8&id=307&artlang=en

- 4. Activity details: last call and number of calls
- 5. In case of unknown call, a location is provided
- 6. Call back button
- 7. Search button
- 🖌 Missed calls
- Received calls
- Outgoing calls

If the number is saved in your contacts, the saved information will be displayed.

When selecting the number (section 5 in the schema above), the activity details are displayed.

1. Details about the number: outgoing / recieved / missed, duration and date

#### 2. Call back

3. Send SMS

#### 4. Add to contacts or see contact profile

#### 5. Go back to general history
