## How can I know the Android™ version of my device?

Go to the All Apps section  and open [Settings](#) >  **About my device**

Scroll down until the line indicating the Android™ version of your device.

---

|                            |
|----------------------------|
| Status                     |
| Phone number, signal, etc. |

---

|                   |
