Oxygen Series
How to reinitialize my ARCHOS 50c Oxygen ?

This process is recommended for your device if : it is frozen, it doesn’t turn on or you are experiencing a software issue. It will allow you to perform a low level format on your device. Thus all the data will be deleted, you won't be able to retrieve them. We strongly recommend to back them up first. Keep in mind that your device’s battery must be charged enough to perform this operation.

1. If you can have access to the Android™ interface

    a. Select the Settings app then select Backup & reset > Factory data reset
    b. To delete music, photos and other user data, you must erase the internal SD card. Tick "Erase phone storage"
    c. Select "Reset phone" and confirm
2. If you can’t access the Android™ interface

    a. Turn off the device by using ON/OFF (remove then replace the battery if necessary)
    b. Press and Hold Volume + the turn on your device pressing ON/OFF
    c. Release On/OFF once the ARCHOS logo is displayed, keep pressed Volume +
    d. Release Volume + once the green Android robot is displayed

Use Volume - to navigate and Volume + to validate

If you failed to access to the recovery menu, please start again from the
